TANTRADARPAN

The person in the mirror will be your best teacher if you learn to listen

Principal's Desk

Government Polytechnic, Jalna is established in 1985, by the government of Maharashtra, Institute has 19.76 acres of land in possession for its development. Academic, administrative, amenities and hostels (Boys & Girls) are available in the campus itself. This institute aims to develop the eminent engineers who are competent and committed to the highest professional standards in the field of engineering and technology and institute is committed to provide a quality education to the students. I sincerely hope you will take the time to look throughout the annual magazine and will be happy to know about facilities and opportunities available for the students who are part of this institute. We also encourage students to participate in sports, cultural events, technical events & social activity. We have observed that our students are hardworking, practical-oriented & effective in any working environment.

Our goal is to support the students for their overall development. We take efforts to make our students able to face challenges and stand confidently in the increasingly complex world. The incredible faculty and staff at Government Polytechnic Jalna continue to encourage all students to set high goals for themselves and to reach their dreams. To achieve our mission and vision we will continue to develop and grow future leaders.

Dr. N. R. Jawade
Principal

Editorial's Desk

It gives me immense pleasure, joy and satisfaction our institute magazine “Tantrdarpan”.

I believe that the innovative idea, sustained and positive efforts by our students stir the mind of reader.

The task of editing would have not been possible without the sincere support of the editorial board Shri U.S .Hiwrale, Smt. S. N. Dehedkar , Shri S. S. Haral, Smt. S. D. Jagtap, Dr R. S. Bang ,Dr. S. V. Bettigeri, Shri. A. A. Joshi, Shri.P. D. Chopade, Shri.C.B.Mohod.

Our students member on editorial board Gayatri Kantule, Ajay Shingane, Gaurav Gatkal, Annirudha Pande.

I thank you to the principal sir and all head of department . I thank you all the contributors to make this magazine endearing with our readers.

I wish all the readers my best wishes.

Mrs P. V. More

Chief Editor

Independence Day Celebration

Flag hosting ceremony at Government Polytechnic, Jalna by Honorable principal Dr. Ninad .R. Jawade sir, & flag hosting committee head Dr. G. K. Deshpande sir, along with staff members

Induction Programme

The department of science and humanities organized the Induction program for the first year admitted students in a grand manner. The overwhelming response from the students and parents was really more than expected...

The inauguration ceremony took place 28 August 2023 at the hands of Respected principal sir Dr. N. R. Jawde sir in presence of all head of department and other dignitaries were also present.

It was important that Hod mechanical dept Mr. Jagdale sir made students and parents aware of their responsibility in order to get good education and regularity in classroom sessions.

Compereing of Smt Salunkhe madam was nice. The active participation and guidance by Mr. Nandedkar Sir, Mr. Sangam Sir, Mr. Khillare Sir, Smt Bettigeri Madam, Smt More Madam. The program was well led by Mrs. Ghate Madam and Mrs. Thorve Madam.

Overall, the first year started well with this program..

Sadbhavana Day Celebration

Our nation will celebrate Sadbhavana Diwas 2023 to commemorate Rajiv Gandhi's 78th birth anniversary this year.

Sadbhavana Diwas day is celebrated to promote national unity, peace, empathy, and communal harmony amid Indians of all faiths.

On this day, all faculty ,staff make the following pledge:

“I take this solemn pledge that I will work for the emotional oneness and harmony of all the people of India regardless of caste, region, religion, or language. I further pledge that I shall resolve all differences among us through dialogue and constitutional means without resorting to violence.”

Shivrajyabhishek Day Celebration

Shivrajyabhishek din -350

25/08/2023

Inauguration of program of shivrajyabhishek din -350th anniversary, at Gymkhana hall, Government polytechnic, Jalna by **Honorable Principal Dr.Ninad.R.Jawade sir, A.A.Ghate madam- HoD Electrical engg.department, Dr.Sandip Hake sir-HOD - APM, P.B.Agrawal sir-HOD Computer department, A.A.Joshi sir-Gymkhana vice president & all department faculty members &students.**

On this occasion Essay writing and speech competition has taken.

The programme succesfully coordinated by Gore sir and Patil madam.

National flag was hoisted on 17th September by hon. Principal Dr.N.R.Jawade sir on the occasion of Marathwada Liberation Day.

Maati Ko Naman, Veeron Ka Vandan

campaign has organised

Amrit Kalash Yatra

1st September to 31st October 2023

मराठवाडा मुक्ती संग्राम कलश यात्रेचे पूजन व स्वागत करताना मा.प्राचार्य. यावेळेस उपस्थित विद्यार्थी,

Seed Bank Project

Social Environmental Forum

Under '**meri mati mera desh**' a national event ,institute has organized seed bank and poster competition for environmental awareness held on 28th august and 29th August 2023 total 32 students were participated from all department.

the programme started by welcome and spoke about the ' importance of seed bank and green club' by respected Principal Dr. Jawade sir.

Shri. Joshi sir, Dr. Bang madam and Smt. Shaikh madam were Judges of poster presentation event. Huge response from students was there. The programme coordinated by Smt. P. V. Amale& Smt. S. K. Waghmare

सीड बँक... बीज कोश...या मागील संकल्पना ...

ह्या वर्षभरात विद्यार्थी, कर्मचारी यांनी घरातील फळे खाल्ल्यावर राहिलेल्या बिया, तसेच बाहेर फिरताना परिसरात सापडलेल्या बिया गोळा करून त्यांना बीज कोशात जमा करणे. ह्या बियाना योग्य औषधी लावून त्यांना संग्रहित ठेवणे

पुढील उन्हाळ्यात संस्थेतील ग्रीन क्लब तर्फे त्यांचे सीड बॉल्स तयार करणे.

त्यानंतर पुढील पावसाळा येण्याच्या सुरुवातीला हे सीड बॉल्स जंगलात, रिकाम्या परिसरातील योग्य जागी टाकणे..

त्यातून तयार होणारी रोपे, झाडे यांचे ग्रीन क्लब, एनएसएस च्या माध्यमातून संवर्धन करणे...

आजमितीला सीताफळ, रामफळ, कडुनिंब, चिंच, करंजी, एरंडी, कलिंगड, चीच, पपई, जांभूळ तसेच इतर काही वेली वर्गातल्या बिया जमविल्या गेल्या. इतरही वृक्षांच्या बिया जमवून ही संकल्पना पुढे नेण्यात येईल

- डॉ. निराजावडे

प्राचार्य. शा. तं. जालना

Yoga Day

Health Is Wealth

Yoga is mental, physical and spiritual practice that need to be followed every day . 21 June international yoga day celebration and 21 Oct 2023 Orientation programme on yoga and meditation organized by science department.

National Service Scheme is NOT ME BUT YOU

75
Azadi Ka
Amrit Mahotsav
Meri Maati Mera Desh
09th-15th August 2023

Panchpran Shapath

We Pledge to:

- Make India developed and self-reliant by 2047.
- Remove any trace of colonial mindset.
- Celebrate our heritage.
- Strengthen unity and respect those who protect the country.
- Perform the duties of a citizen.

About National Service Scheme (NSS)

The National Service Scheme (NSS) is a Central Sector Scheme of Government of India, Ministry of Youth Affairs & Sports. It provides opportunity to the student youth of 11th & 12th Class of schools at +2 Board level and student youth of Technical Institution, Graduate & Post Graduate at colleges and University level of India to take part in various Government led community service activities & programmes. The primary objective of developing the personality and character of the student youth through voluntary community service. 'Education through Service' is the purpose of the NSS.

Nation -wide "Meri Ma Mera Desh" Campaign, launched on 2023, to pay tribute to the 'Veers' who laid down their lives for the country. On this occasion, NSS organized students and staff took the Panch Pran pledge which includes fostering national development, eradicating the mindset of subservience, embracing our rich heritage, promoting unity and solidarity, fulfilling civic dues and showing respect to the defenders of the nation. salunke madam, Chopade sir coordinated the meri mati mera desh programme

Amrut Kalash/Kumbh

Youth volunteers and other people from all corners of the country would collect Mitti from Panchayats/Villages and bring it to the Block level. Similarly, Mitti shall be collected from smaller urban bodies and brought to larger Municipalities/urban local bodies. Subsequently, Mitti Kalash having the soil from the Panchayats/Villages/urban areas, would be carried to the National Capital. number of staff and students from college would collect "Mitti" (soil) from their villages, cities and place it at Amrut kumbh.

Amrut Kalash/Kumbh

Amrut kumbh/kalash from different colleges institute in jalna district are collected.

Amrut Watika

An 'Amrit Kalash Yatra' will be conducted, carrying soil from all corners of the country in 7500 kalash to create an 'Amrit Vatika' in Delhi. This 'Amrit Vatika' will symbolize the commitment to 'Ek Bharat Shreshtha Bharat.' On the occasion of Meri Mati mera desh 'Amrit Vatika' our institute replenish Mother Earth by planting 75 saplings of indigenous species and develop the 'Amrit Vatika'

Cleanliness Drive

College has organized Cleanliness Drive under “Swachh Bharat Swasth Bharat Abhiyaan” on the occasion of Gandhi Jayanti. The main purpose of this programme was to create awareness among the students regarding Cleanliness and its benefits. All the students ,faculty , office staff participated in this drive.

New Leaders

A Leader is one who knows the way goes the way and shows the way.

Orientation program on NEP and K scheme

Orientation Program on Implementation of “K” Scheme Curriculum based on NEP 2020 was held on 11th September 2023 Smt A.A.Ghate madam ,Academic Coordinator of institute acknowledged the development of 'K Scheme' as per the guidelines envisioned in NEP 2020. briefed the audience on challenges in implementation of 'K 'Scheme curriculum, introduction of the concept of Academic Bank of Credits (ABC) and importance of uploading credits on National Academic Depository (NAD).

Art Gallery & Project Exhibition

Department of Computer Engineering has successfully conducted an Art Gallery inauguration and Project Exhibition on 07Nov2023 under the guidance of respected Mr. P B Agrawal sir and coordinated by Mr. R R Khirade sir and Mrs. S D Jagtap. in the valuable presence of the honourable Principal Dr N R Jawade.

Workshop Organized

1. Environmental Awareness

One day workshop on 'hands on practices in environmental engineering' is inaugurated by honorable principle Dr. N.R.Jawade on 31 October 2023.

Chemical engineering department, civil engineering department and science department, organized the workshop to enhance the practical skill of student on hands on practices in environmental engineering.

2. Safety Measure

Workshop on
'Road Safety Measure'
by
Aarati Solunke madam ARTO
Jalna.

3. Hygiene and Healthy Diet

Expert lecture conducted on 'girl's sanitary hygiene and healthy diet importance' on 23 October 2023.

4. Cyber Security Awareness

Cyber Security Awareness In Government Polytechnic, Jalna, one day workshop on "Cyber Security Awareness" was organized under IEI Student Chapter on th 16 September 2023 for students of Computer stream and final year students of all streams. The workshop was presided over by Shri. P.B. Agarwal, Head of Computer Department. Shri. Krishna Misal, MKCL, Shri. Narayan Dabhadkar, Director, Saksham Computers, Jalna, Shri. Amar Devde, LLC, Jalna were present as expert lecturers for this workshop. This workshop provided detailed informaon about Cyber Security and various Cyber Security Tools.

5. Introduction to Virtual Lab

One day workshop on Introduction to Virtual lab organized by Department of computer Engineering for all Third semester students on 20/10/2023

6. Computer Hardware & Maintenance

One day a workshop on Computer Hardware maintenance and PC assembly was organized by the Department of Computer Engineering for all Third and fifth semester students held on 15/09/2023 in collaboration with Saksham Computers, Jalna and sponsored by the IEI Student Council Chapter.

7. Bureau of Indian Standard Awareness

On Bureau of Indian Standard Awareness Program was held in the institute on 11/10/2023, by BIS Nagpure Branch, Mr. Sandesh Gokanwar, Dy director, was the chief guest for this event. Near about 54 students of all disciplines has been participated in this program and All participant has been awarded as "MANAK MITRA". Participants has got Rs 1500/ students as stipend for Awareness about BIS to remaining students in the institute.

Program conducted by Training and placement cell, coordinator Mr. G G Gore, I/c TPO, LME

Welcome

Government polytechnic, Jalna visited by Honorable Director, DTE, Mumbai Dr. Vinod Mohitkar & Joint Director, RO, DTE, Chhatrapati sambhajinagar Shri. Umesh Nagdeve sir on 25-November-2023.

Welcome ceremony of Director DTE, Mumbai Dr. Vinod Mohitkar by Principal Dr. N. R. Jawade

Honorable Joint Director, RO, DTE, chhatrapati sambhajinagar shri. Umesh Nagdeve sir by HOD, mechanical engineering department shri. A. A. Jagdale

Proud Moments

****Prof .S.A.kale Conducted an Expert Lecture on RTS (Right to Public Service) Act 2015 during a Workshop for the officials of Water Resources Dept of Govt of Maharashtra at RTC Chhatrapati Sambhaji Nagar of META Nashik.

- **Mr.Sandip Haral**, lecturer in chemical engineering got patent on 'photo catalytic reactors'.
- **Mrs. S.D.Jagtap**, lecturer in electronic engineering got patent on 'A novel IoT based 5g ambient air quality monitor system using light scattering Technique'.
- **Mr DS Bhoi** to get honour to design the curriculum for North Maharashtra University.

Chemistry In Day To Day Life

Smt. Dr. Bettigeri S V, Lecturer in chemistry, Government Polytechnic Jalna

Introduction

Human beings from morning to evening are significantly or unknowingly surrounded by chemistry in our day-to-day life. One may think that chemistry is a branch of science that deals with chemicals in the laboratory. But the truth is that we find its use in the food we eat, cleaning chemicals, the air we breathe and, every object we touch. Literally, student's chemistry education takes place in lectures and books, lab playing with instruments and chemicals and they don't see the relevance in their everyday life. Understanding the importance of chemistry in our regular life is most important in our technological and competitive society. It also helps to understand the world issue arising currently. One might get surprised when we say that our body is made of chemical elements and compounds so we can say we are the products of chemistry. Our emotions like love, respect, jealousy, frustration are also the aspect of chemistry.

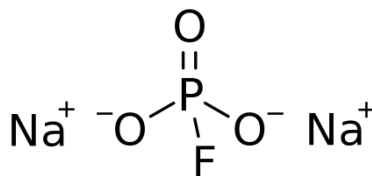

With the modernization in education, the study on chemistry has been increased and its application on day to day life has been increased. Peoples in the past used to use chemistry in daily life without knowing it as there doesn't use to be more research and study. The principle of chemistry is a benefit for mankind. Foods we eat do have chemistry. They comprise organic compounds like carbohydrates, starch and sugar, protein, and lipids. Other nutrients like vitamins and minerals and water are all important chemical compounds. The respiration process which includes intake of oxygen and removal of carbon dioxide is used by the plant for photosynthesis. We use chemistry in the digestion of food in the alimentary canal which uses enzymes to break food into tiny absorbable molecules. Likewise, cooking is also a chemical reaction. The makeup creams and anti-aging creams are chemical products.

Applications

1. Toothpaste

Early in the morning everybody brushes the teeth to protect the teeth from germs. We have seen and used many kinds of toothpastes like Dant kanti, Sensodyne, Colgate, Pepsodent, Dabur Red. So the toothpaste we use contains chemicals like Fluoride, charcoal, Triclosan, Saccharin, Carrageenan, Aspartame, Parabens, Sodium Lauryl Sulfate & Sodium Laureth Sulfate, Propylene Glycol.

Sodium mono
fluorophosphate

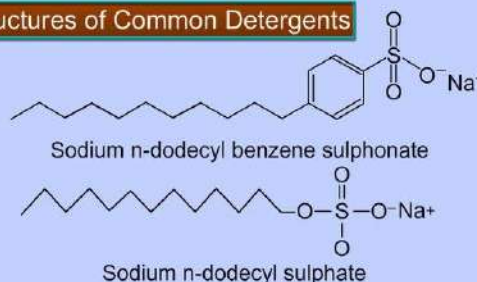

2. Soap/Detergent

Basically soap is used for cleaning purpose like bathing, washing clothes, floor cleaning etc. We used to feel surprised how soap cleans our hand and kill germs present in our hand? The soap contains some chemicals to do this activity so it is the application of chemistry in our daily life. Likewise, detergent acts as a surfactant and helps to wash clothes. The soap contains fatty acid eg. Stearic, oleic, palmitic acid, and strong alkali and detergent contain Sodium Lauryl Sulfate & Sodium Laureth Sulfate, Phosphates, etc. They act as an emulsifier.

Structures of Common Detergents

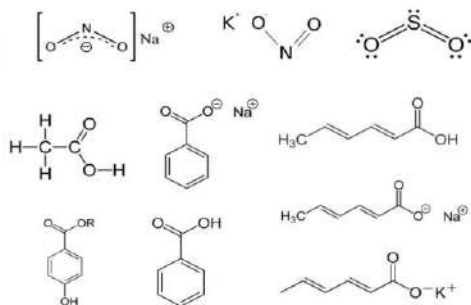

3. Food Preservatives

Salt, sugar, vinegar, oils, and sodium benzoate are common household preservatives normally used to preserve pickles, jam, sweets, fried items etc. Coloring agents used in food also made of different dyeing chemicals. We add food preservatives to protect food from decaying and spoiling by bacteria and other microorganisms.

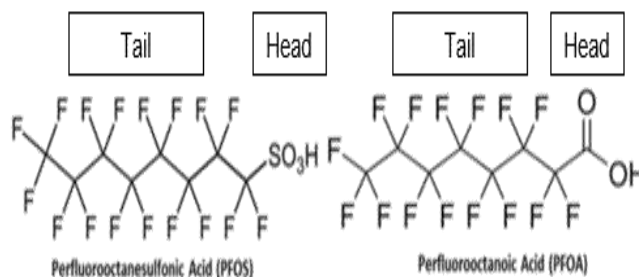

Chemical Preservatives

Food Preservation

4. Cosmetics

Cosmetics are used to take care of the appearance of our body. Body lotion, cream, shampoo, lipsticks, oils, beeswax, perfumes, nails polish, mascaras, talcum powder are commonly used and these cosmetics contain chemicals that cause side effects on our body. They contain organic and inorganic chemicals such as, coloring agents, solvents, wax, grease, petroleum oils, and polymers. It has been observed that high levels of perfluoroalkyl and polyfluoroalkyl substances (PFAS). These substances are a potentially toxic class of chemicals linked to a number of serious health conditions, suggesting that many may be at risk of contamination. Overall, 56 percent of foundations and eye products, 48 percent of lip products, and 47 percent of mascaras were found to contain high levels of fluorine. PFAS have been associated for higher risk of kidney cancer, hypertension, thyroid disease, low birth weight, and immune-toxicity in human beings.

structure of PFAS compounds

5. Drugs and Medicine

Chemistry is very important for preparation of the medicine. Medicine is prepared by the use of several chemicals in a proper ratio using titration. Medicine interacts inside our body with a macromolecular target and creates biological response. Without chemicals medicines cannot be manufactured. Chemistry is also used to measure the amount of Iron, sodium, potassium, urea and many other elements. Blood and urine analysis is done with the help of chemistry.

6. Agriculture

Pesticides, Insecticides, Herbicides, Fungicides, Algaecides, Rodenticides, Fertilisers, Soil conditioners, Liming and acidifying agents, Plant growth regulators etc. Agriculture is very important for our survival. We get food from it. We use fertilizers and insecticide to increase the fertility of the soil and protect crops from pests, rats, and locusts. Fertilizers and insecticides contain chemicals like hydrogen cyanide, naphthalene, nicotine, and methyl bromide.

7. Body Mechanism

The body response, behavior, action, thinking, memories etc. depends upon the amount of chemicals such as Serotonin, Dopamine, Gamma-aminobutyric acid (GABA), Acetylcholine, Glutamate, Norepinephrine etc. present in brain.

The digestive system is a long, twisting tube that starts at the mouth and goes through the oesophagus, stomach, small intestine, large intestine and ends at the anus. The digestive system breaks down food into simple nutrients such as carbohydrates, fats and proteins. The food we take is oxidized in our stomach with the help of different enzymes containing chemicals secreted by body and produces energy which is used to do work in our daily life.

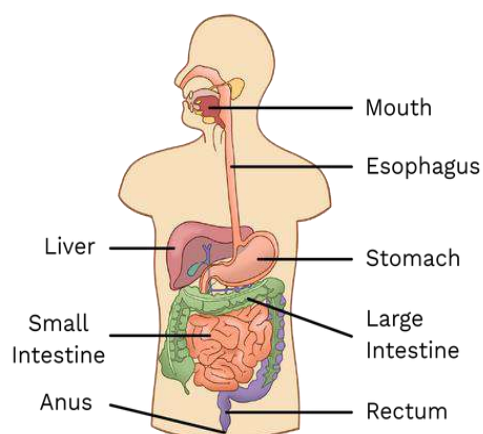

Ingestion of food and fluid, Physical breakdown of incoming food, Moving contents through the digestive tract

Secretion of digestive enzymes, liver products, hydrochloric acid, sodium bicarbonate

Digestion of macronutrients into micronutrients

Absorption of micronutrients into the body

Elimination of waste.

8. Environment Issues

Due to chemical waste from industries Environmental issues arising currently like pollution, global warming, UV radiation, and the production of harmful chemicals can be solved by the education of chemistry.

Chemistry is important there because they are results of chemistry so the environment can be saved by chemistry.

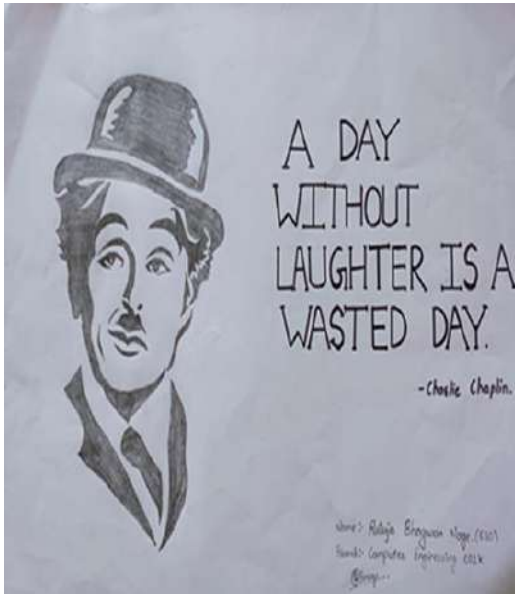

Conclusion

Thus the daily life chemistry is the theme of science which is all around us every minute in every location and there is not any shortage of examples to prove this fact. Without chemistry, our life is impossible so it is one medium to live a better life and better doing. So it is a must for everyone to learn and enjoy. Hence effective and good use of chemistry is the need of this modern technological world.

आई

मानवा तुझे ध्येय नेमके काय रे

मानवा तुझे ध्येय नेमके काय रे ?
मानवा किती रे द्वेष एकमेकांप्रती बाळगणार,
तुला रे आणखी खूप दूर एकमेकांसोबत जावे लागणार!
मानवा किती रे एकमेकांसोबत सूडबुद्धीने वागणार ,
तुला रे एक ना एक दिवस मातीतच जावे लागणार!
मानवा किती रे दिवस एकमेकांना मारून टाकणार ,
तुला रे एक ना एक दिवस पश्चातापच करावा लागणार!
मानवा कधी रे तू शहाणपणा दाखवणार,
तुला रे हा अहंकार एक ना एक दिवस सोडावाच लागणार!
मानवा किती रे दिवस नुसता दंगलीच करत राहणार,
तुला समाजाशिवाय नाहीच रे जगणे जमणार!
मानवा अति झाला रे आता हा आतातायीपणा ,
बघ ना रे प्रेमाचा हा अनंत झरा सोडून सर्व बालिशपणा!
प्रेम, दया, शांती, करुणा हेच अंतिम सत्य रे ,
हेच ध्येय नाही ठेवलंस तर मानवा तुझे ध्येय नेमके काय रे!

आई मनात आनंदाच्या

गोष्टी भरते

तिच लेकरावर माया करते

आई विना आपण

सगळे व्यर्थ

तीच नाही तर या जगाला काय आहे अर्थ

आई आपली

जन्मदाता

तीच सगळ्या जगाची माता

आईचे प्रेम जपून ठेवा

सदैव करा तिची सेवा

आई सगळ्यांचे स्वप्न पूर्ण करणारी

सगळ्यांच्या मनात आनंदाने प्रेम भरणारी.

मैत्री

मैत्री अशी असावी भरकटलेल्या पाखराला
घराची वाट दाखवणारी
सुकलेल्या फुलांना बहर आणणारी दुःखाच्या
वाळवंटात प्रेमाचा पाझर आणणारी
एकटेपणात सहवासाचा दिलासा देणारी
शब्दाविना सर्वकाही समजून घेणारी
न सांगताच डोळ्यातील भाव ओळखणारी
-- सचिन कडूकर ME -1KB

Life without Engineers! (Poem)

No bulb will ever glow,
 there will be only dark nights
 No WhatsApp no more chats...
 only letter birds will persist...

No building, no toilet seats to sit...
 fields will be filled with only shit...
 Life without engineers,
 seriously doesn't exist...

No cars will ever move on roads,
 And no dancing cars on empty roads..
 No Instagram, no more selfies,
 No fb, no friend request to beauties..

We are the future of world,
 We make a difference,
 We are the engineers...
 Without us, life doesn't exist..

chhaya? shalika

*** सागूसपण ***

पाणी निकल असेल तर
 कोणीही एक रोब देत नाही,
 जर तेच पाणी सोफत असेल
 तर दिव्या जाते.

आपल्या मध्ये दमंड असतातर
 आपण ज्ञान देत नाही आणि ;
 मन स्वच्छ असेल तर
 स्वर्गा मध्ये वाटते.

पाणी दिव्यानी पुढ्य आणि
 सागूसपण वाढते,
 आणि ज्ञान दिव्यानी
 ज्ञान वाढते आणि
 सागूसपण वाढते.

LOVE Best ☺

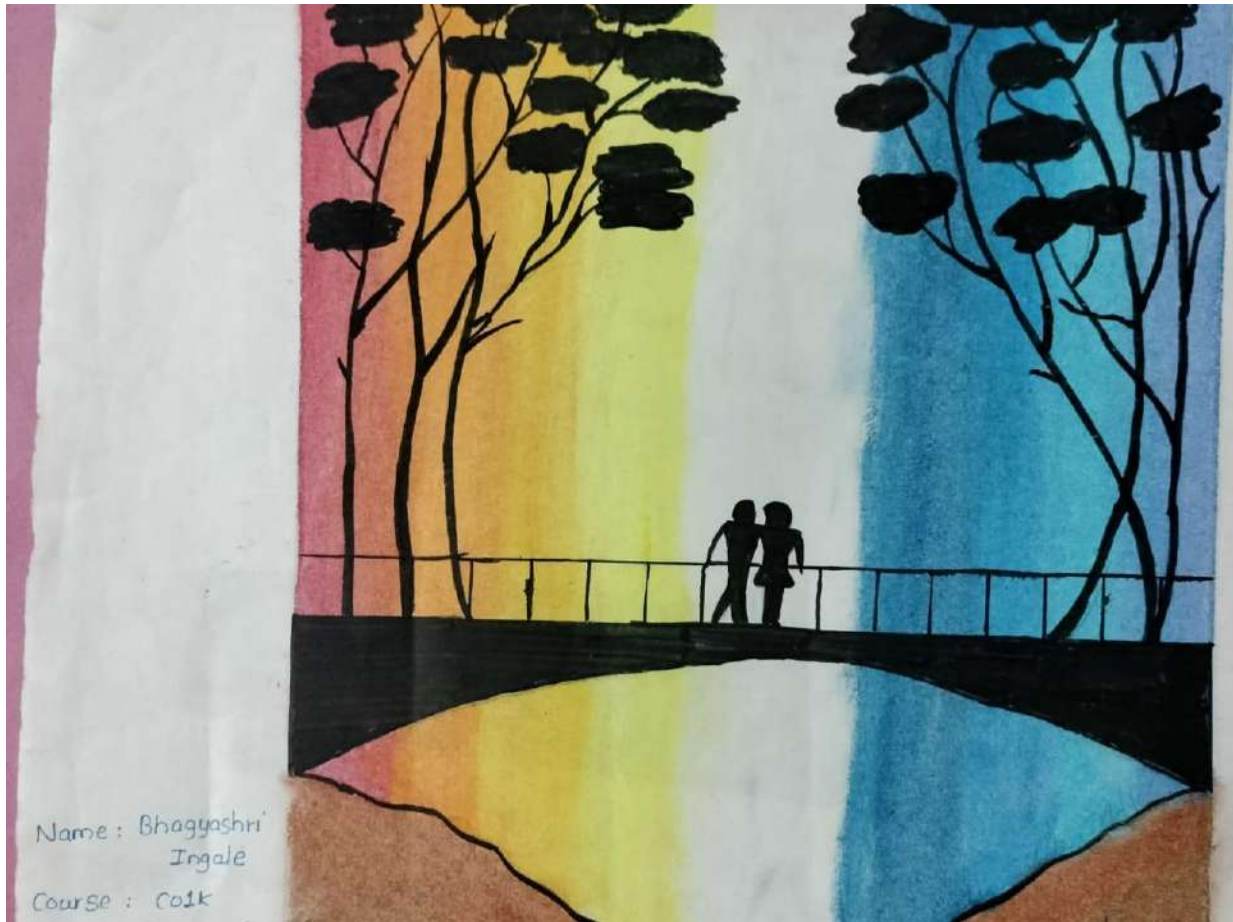

If you always try your best
 Then you'll never have to wonder
 About what you could have done
 If you'd summoned all your thunders.
 And if your best
 Was not as good
 As you hoped it would be,
 You still could say,
 "I gave today
 All that I had in me."

NATURE'S

-

In forests deep, Where the wild winds sing,
And rivers dance to the song of spring,
Nature's beauty, a timeless art,
A masterpiece that fills the heart.

Mountains reach for the endless sky,
Under the golden sun, they lie,
A canvas painted with shades so true,
Nature's palette of every hue.

Beneath the moon's soft, gentle grace,
Stars twinkle in the boundless space,
Nature's poetry, both near and far,
A wondrous world, a guiding star.

In nature's arms, we find our place,
A source of wonder, solace, and grace,
For in her beauty, we're set free,
A precious gift for you and me.

Nature has inspired countless poems,
throughout history celebrating its beauty,
tranquility and the deep connection
between humans and the natural world.
