Message from HOD

Electrical Engineering department is a center of pre-eminence where we nurture young talents by imparting technical training to them so that they can take up the challenges of real world. The Department of Electrical Engineering was incepted in the year 2004 with intake capacity of 60 students and is affiliated to Punjab Technical University. The department is a blend of experienced and well qualified faculty who always strives to raise and encourage the teaching methodology that is both theoretical and practical in approach. The focus of the department is to produce quality and professional engineers to cater the needs of the society. We emphasis team work to give opportunity to each student to benefit from the ideas and innovations from the faculty as well as peers
